

## Timber Posts

We supply our comprehensive range of quality, competitively priced, treated timber posts exclusively as FSC®. We hold large stocks of the standard 1.20m long, 50mm diameter, machine round, pointed posts for use with our Terrastop™ Premium Silt Fence, Ecofender™ Newt Fences and Ecofender™ Permanent Newt Panels.

Our 1.20 x 50mm diameter machine rounded posts are also FSC® certified, so you can have peace of mind that the timber is sustainably sourced and can be traced back to its origin.

Other post sizes and profiles available on request, kindly note though these may not be FSC certified.

### Features/Benefits:

- Used with our Terrastop™ Premium Silt Fences
- Used with our Ecofender™ Newt Fences
- Used with our Ecofender™ Permanent Newt Panels
- Used in conjunction with our clout nails & protective washers.
- FSC® certified (1.20 x 50mm diameter machine rounded posts)
